Tips 02 — About Car navigation / ETC

Description video

TAP!

Useful Services

Multilingual car navigation systems(GPS)

Multilingual voice guidance(*Note 1) and map information(*Note 2) is available in the most of rented passenger cars, minivans and wagons!

★Note 1: English/Chinese/Korean

★Note 2: Only English maybe available in some rented vehicle.

ETC card rental service

ETC card rental service is available at our major rental offices nationwide(not available at rental offices on small islands where ETC system does not exist.)

▶ What is ETC?

The ETC (Electronic Toll Collection) system enables drivers to pay toll fees without stopping at a toll gate. Tolls are charged based on the total amount of recorded usage in the IC chip of the ETC card.

ETC cards need to be inserted into the ETC device before passing through ETC gates on highways.

ETC card rental service is available at our rental offices nationwide.

▶ ETC card rental details

1 How to reserve

You can select ETC card when to make a reservation.

2 Card rental charge

・324 yen, including tax, up to 7 days

・1,080 yen, including tax, 8 days and more

3 How to settle toll fees

Toll fees will be calculated when you return your car and ETC card, which carries IC chip. We will print out actual toll fees and forward it to you. Please settle such fees in cash or by major credit card.

Traffic Conditions Map Servise "mew-ti"

▶ What is mew-ti?

mew-ti is the real-time traffic information service of the Metropolitan Expressway.
